I. World Tourism Day: 2024 celebrations and preparations for 2025

1. The renewal of World Tourism Day (WTD) since 2018 continues to be validated by these results, with its strong focus on outcomes to be consistent with aiming to provide concrete and actionable objectives to take away, while adding value to the hosting of this observance day.
2. At its 25th session, the Assembly approved the themes for 2024 and 2025 (A/RES/770(XXV)) as “Tourism and Peace” and “Tourism and Sustainable Transformation”, respectively.

World Tourism Day 2024

3. Resolution A/RES/770(XXV) ratified Georgia as the host of the official World Tourism Day 2024 celebrations.
4. Aiming to hear the voices of all relevant actors, the World Tourism Day programme was built around the theme “Tourism and Peace”, with a strong accent on tourism’s unique potential as an instrument for mutual understanding and peace. As it takes people across the globe, spreads ideas, boosts economies and societies, enables strong human connections, and reduces distances, the simple act of travelling has such an important social and cultural impact.
5. Joining UN Tourism in Tbilisi for the World Tourism Day celebrations were almost 500 delegates from 51 countries. The event received widespread media coverage and social media engagement, reaching an estimated audience of over 60,000 people.
6. On the occasion of World Tourism Day, UN Tourism launched one of its growing portfolio of investment guidelines, “Tourism Doing Business: Investing in Georgia”.

World Tourism Day 2025

7. The World Tourism Day 2025, to be hosted in Malaysia, will focus on Tourism and Sustainable Transformation, emphasizing tourism’s role as an agent for positive social and economic change. Preparations for the official celebration of World Tourism Day 2025 are well under way at the time of drafting of this report.
8. The programme will address “Tourism and Sustainable Transformation” through two keynote speeches and two panel discussions. The first panel will explore how investing in youth and women fosters a resilient and equitable tourism ecosystem through entrepreneurship, digitalization, and sustainability. The second will focus on transformative pathways for building resilience in sustainable tourism.
9. In the framework of the official celebration, the host country will organize a Tourism Leaders Forum on the day following the official WTD celebration.
10. Members are encouraged to participate and use the WTD materials.

11. By resolution 470(XV), the General Assembly endorsed the proposal of the Executive Council and decided that the following geographic order would apply to World Tourism Day celebrations beginning in 2006: Europe; South Asia; Americas; Africa; East Asia and the Pacific; and Middle East.
12. During its 123rd session, the Executive Council invited the 70th Regional Commission for Americas and the 68th Regional Commission for Africa, to recommend to the 26th session of the General Assembly host countries for the 2026 and 2027 editions of World Tourism Day (CE/DEC/10(CXXIII)).

16. It is recalled that the General Assembly, in its resolution 662(XXI), requested Member States wishing to host a UN Tourism meeting outside the Headquarters to provide the conditions established in the model agreement attached to [document A/21/8\(II\)\(f\)](#) as Annex II. This model agreement includes all the necessary legal protections for all participants of a UN Tourism meeting and follows the policy and practice of the United Nations and its specialized agencies on this matter.
17. Any State willing to host an UN Tourism meeting should accept the terms and conditions of the model agreement before the activity is planned in order to ensure that there will be no major obstacles at the time of concluding the agreement. The terms and conditions of the agreement, particularly on privileges and immunities, unimpeded access to and from the meeting venue for all invitees and appropriate security standards are essential conditions for the host of any UN Tourism meeting away from Headquarters.
