Mr. Secretary General,

Allow me to present my compliments to the Full Member States of the Organization and submit the candidature of Croatia for a term in office of the second Vice Chair of the Executive Council of UNWTO for 2015.

The election of Croatia as the host country for the 100th Session of the UNWTO Executive Council in towards the end of May 2015 showed respect for our dedicated work in the Organization as well as recognition of the good work Croatia has been doing in developing its tourism.

Acknowledging the good work of the outgoing Chair (Indonesia) and the current Vice Chairs (Jamaica and Mozambique), since one post will be vacant, we believe our colleagues will put trust in our ability to perform equally well the task of vice chairmanship of the Council. Croatia would certainly be honoured by the election, especially bearing in mind that hosting the 100th UNWTO EC session will be a very prominent event in our country.

Hoping that the Executive Council Member States will favourably look into our candidature and accept it, I avail myself of this opportunity to renew to you, Secretary –General, and the Members of the Organization the assurances of our highest consideration.

Sincerely,

MINISTER
Darko Lorencin
