UNWTO on the ground: Technical Cooperation

6. **Introduction:** The UNWTO Technical Cooperation and Silk Road department stands as a foundational pillar of the Organization's mission. It is steadfast in its commitment to cater to the distinct needs of Member States, championing their efforts to position tourism as a key driver for socioeconomic growth, poverty alleviation, and job-creation.
7. **Shift in Focus:** The 2022 – 2023 biennium marked a strategic pivot from immediate pandemic recovery to long-term tourism planning and development in the post-COVID-19 era. This shift accentuates the integral role of technical cooperation in UNWTO's mission, reinforcing its stature as a primary instrument for tangible partnership and support.
8. **Funding and Partnerships:** A cornerstone of UNWTO's technical cooperation mandate is its role in supporting Member States in pinpointing both international and domestic funding opportunities. Collaborations have been forged with major international financing institutions, UN agencies like UNDP, and other partners. Notable donors include the European Bank for Reconstruction and Development (EBRD), World Bank Group (WBG), Asian Development Bank (ADB), and the Japanese development organization (JICA), among others as well as Ministries of Tourism (in various countries). These partnerships have been instrumental in securing funding for our projects.
9. **Project Overview:** Throughout the biennium, the department has overseen 50 technical assistance projects, extending its reach to 38 Member States. These initiatives, underpinned by both beneficiary countries and external donors, have played a pivotal role in mitigating the repercussions of the COVID-19 pandemic and accelerating tourism recovery.
10. **Regional Highlights:**
 - (a) **Africa:** Initiatives in countries such as Benin, Botswana, Morocco, and Tanzania encompassed a wide array of topics, from tourism legislation to women empowerment and tourism master planning.
 - (b) **Middle East:** Egypt, Jordan, and Saudi Arabia undertook collaborations with key partners, emphasizing tourism recovery, statistical methodologies, and tourism impact analysis.
 - (c) **Asia and the Pacific:** China's focus was on rejuvenating tourism plans in select provinces. Projects in Nepal and Sri Lanka emphasized tourism statistics and sustainable development.

Annex V: Status of amendments to the Statutes and the Financing Rules and Annex XVIII to the 1947 Convention on the Privileges and Immunities of the Specialized Agencies

I. Current situation of the amendments to the Statutes and the Financing Rules

1. In 2021, through resolution 732(XXIV), the General Assembly called upon Member States to do everything in their power to approve all the amendments to the Statutes and the Financing Rules with particular regard to the amendment to Article 33.
2. To date, three amendments to the Statutes have entered into force:
 - (b) Amendment to Article 14 of the Statutes, the text of which reads as follows:

"1bis. The host State of the Headquarters of the Organization shall have a permanent additional seat on the Executive Council, which shall be unaffected by the procedure laid down in paragraph 1 above concerning the geographical distribution of Council seats."

This amendment was adopted by the General Assembly in October 1983,³ and entered into force on 16 July 2020.
 - (c) Two amendments to Article 38 of the Statutes, the text of which now reads as follows:

"The official languages of the Organization shall be Arabic, Chinese, English, French, Russian and Spanish."

The first amendment to this article was adopted by the General Assembly in September 1979,⁴ and entered into force on 9 May 2008.

The second amendment to this article was adopted by the General Assembly in November 2007,⁵ and entered into force on 25 January 2021.
3. In the period 2022-2023, no further amendments have entered into force.
4. Article 33(3) of the Statutes requires, for an amendment to the Statutes and the Financing Rules adopted by the Assembly to enter into force, that two-thirds of the Member States notify the Depositary Government of their approval of such amendment. Since the Organization currently has 159 Full Members, amendments must be approved by 106 Members.
5. The list of amendments pending approval with the number of approvals is enclosed in the Annex V-A to this document, together with a more detailed list that provides an overview for Members on what amendments have not been approved by them to date.

II. The Convention on the Privileges and Immunities of the Specialized Agencies of the United Nations and its Annex XVIII relating to UNWTO

6. Through resolution 732(XXIV), General Assembly requested Member States to accede to the Convention on the Privileges and Immunities of the Specialized Agencies approved by the General Assembly of the United Nations on 21 November 1947 (hereinafter, "the Convention") and to explicitly notify to the UN Secretary-General of their intention to apply Annex XVIII to UNWTO.

³ Fifth Session of the General Assembly, New Delhi, October 1983 [resolution 134(V)]

⁴ Third Session of the General Assembly, Torremolinos, September 1979 [resolution 61(III)]

⁵ Seventeenth Session of the General Assembly, Cartagena de Indias, November 2007 [resolution 521(XVII)]

7. The Convention was adopted by the UNWTO General Assembly in 2005 through resolution 489(XVI) and its Annex XVIII relating to UNWTO was adopted by the Executive Council in 2008 through decision 9(LXXXIII), pursuant to the mandate received by the General Assembly resolution 545(XVIII). Both texts set out the minimum privileges and immunities to apply to UNWTO in the domestic legal systems to ensure the effective exercise of UNWTO functions in the territories of its Member States, in accordance with Article 32 of the Statutes.
8. As of the date of this document, only 22 Member States⁶ have undertaken to apply the provisions of the Convention to UNWTO. In the period 2022-2023, only Armenia has notified to the UN Secretary-General of its intention to do so. Additionally, there are 47 Member States of the Organization that have not expressed their consent to be bound by the Convention.
9. As explained in document [A/21/8\(II\)\(f\)](#) submitted to the 21st session of the Assembly in 2015, privileges and immunities secure the independence of UNWTO's functioning and facilitate its ability to fulfil its mandate efficiently and effectively in its Member States. In general, the lack of recognition of privileges and immunities can create delays and other obstacles in delivering services in a timely and efficient manner and can impede the freedom of movement and the security necessary to the Organization's activities as well as for the representatives of its Members when attending the meetings convened by the Organization outside Headquarters.
10. When a Member State is not a party to the Convention and/or does not apply its provisions to UNWTO, the legal protections covered by this treaty need to be addressed during negotiations before UNWTO commences any activity in the country. This can result in delays and extensive efforts from the Secretariat in the separate negotiation of an agreement for each new project or activity that contains the protections granted under the Convention and its Annex XVIII. However, when there is a general and permanent framework, the need to address specific issues each time is avoided and arrangements for the implementation of projects can be made more efficiently.
11. The Secretariat remains available to provide any assistance or guidance as required by the Member States in relation to the Convention and its Annex XVIII.

⁶ Angola, Armenia, Austria, Belgium, Bosnia and Herzegovina, Brunei Darussalam, Bulgaria, El Salvador, France, Germany, Greece, Hungary, Japan, Lithuania, Morocco, Paraguay, Portugal, Romania, San Marino, Serbia, Seychelles, and Switzerland.

Annex V-A: List of amendments

List of amendments to the Statutes and the Financing Rules adopted by the General Assembly that have not yet come to force in accordance with Article 33 of the Statutes

1. The following amendments to the Statutes and the Financing Rules adopted by the General Assembly since the creation of the UNWTO have not, to date, been approved by two-thirds of the Member States and thus have not entered into force in accordance with its Article 33(3).
2. The amendments are presented following the chronological order of their adoption by the General Assembly. Those that are applied, by decision of the General Assembly, on a provisional basis pending their entry into force are reproduced below in italics:

A. Amendment to Paragraph 12 of the Financing Rules adopted by the General Assembly at its third session, Torremolinos, September 1979 [resolution 61(III)] the application of which is provisional, pending its entry into force:

"The Members of the Organization shall pay their contribution in the first month of the financial year for which it is due. Members shall be notified of the amount of their contribution, as determined by the Assembly, six months before the beginning of financial years in which the General Assembly is held and two months before the beginning of the other financial years. However, the Council may approve justified cases of arrears due to different financial years existing in different countries."

B. Amendment to Paragraph 13 of the Financing Rules adopted by the General Assembly at its fourth session, Rome, September 1981 [resolution 92(IV)]:

- "(a) A Member which is one or more years in arrears in the payment of its contributions to the Organization's expenditure may not be elected to the Executive Council or hold offices within the organs of the General Assembly.
