SALENTEIN HOSPITALITY

Entertain, invite and celebrate the guests... that´s what hospitality is all about. To offer the best of ourselves, share our spaces and the enjoyment of the wonderful surroundings that nature offers us. Both in the Netherlands (our Landgoed, the origin of our name and source of our inspiration) and in Argentina, we open our doors to offer visitors our family´s warmth and style. **Here, you can enjoy an excellent food and wine experience, and relax, feeling looked after down to the smallest detail.**

OUR

OBJECTIVE

To open the doors of our homes to excite and entertain guests with our products, stunning natural landscapes and our warmth.

To have our guests feel at home and to share immersive experiences; the “Salentein way” of doing things.

A photograph of a long, single-story brick building with a green metal roof, identified as the Salentein winery. The building features a small cupola on its roof and several large, dark-framed windows. It is situated in a vineyard with rows of grapevines in the foreground. Behind the building is a dense line of tall, thin evergreen trees. In the background, a massive, rugged mountain range with sharp peaks and deep valleys is visible under a clear sky. The lighting suggests late afternoon or early morning, with warm tones on the mountains.
